

## REDS WANTED HERE TRACED TO CHICAGO; ONE LEADER TAKEN

Bomb Squad Members Go  
West After Indicted Radicals  
Who Fled From New York.

The New York police received an announcement to-day from Chicago of the arrest in that city of Charles E. Ruthenberg, National Executive Secretary of the Communist Party of America. The arrest was described as being based on an indictment charging criminal anarchy.

That Chicago has become the hiding place of a number of New York anarchists was indicated when the New York police admitted this morning that Detective Sergeant Gegan and Detective Brown, both of the bomb squad, went to Chicago last Sunday with warrants for at least six alleged anarchists who were indicted on Friday by the Extraordinary Grand Jury.

Whether Ruthenberg was one of the group that Gegan and Brown went after is not known, but it is believed that Ruthenberg, in any event, will be one of the prisoners the detectives bring back.

Five of the persons indicted last week were already in custody at Ellis Island. The number of additional indictments was not made known, but it is believed to be large because the entire Bomb Squad was called upon to serve the warrants issued by Supreme Court Justice Weeks, based on the indictments.

One of the men for whom the authorities are looking following the general exodus of radicals from New York, is Maximilian Cohen, whose name appears as editor of the Communist World. Cohen is reported to have gone to Chicago.

The statement of Miss Elizabeth Freeman, Secretary of the Modernist Society, that a new Soviet envoy had come to America to confer with Secretary of State Lansing, was denied to-day by Santori Nuorteva, Secretary of the Russian Soviet Bureau, No. 110 West 40th Street. Nuorteva said that an American journalist had recently come out of Russia and had gone to Washington to report on conditions.

# Largest Actually Available Spot Stock of Pianos, Players, Phonographs in New York

Within the Walls of This  
Great Christmas Store

And taking into account the universal and unprecedented shortage of pianos, player-pianos and talking machines that prevails today, this we consider one of the most remarkable achievements in present day merchandising.

There is hardly need to say more, though the real accomplishment is in Gimbel ability to collect such stocks in a year when there has been a universal turning to the purchase of pianos and talking machines—a year when every one wants "music in the home"—and when musical instruments are to be the chief Christmas gift.

AT THE MOMENT THIS ADVERTISEMENT IS BEING WRITTEN, THERE ARE IN THESE SECTIONS AND IN OUR  
WAREHOUSES AVAILABLE FOR DELIVERY THROUGH OUR NEW YORK STORE ALONE OVER

**\$1,000,000 Worth of Pianos, Player-Pianos and Talking Machines**

AND WHAT IS OF MOST IMPORTANCE TO YOU, IF YOU ARE CONTEMPLATING THE PURCHASE OF A PIANO OR TALKING MACHINE, IS THAT THE IDENTICAL INSTRUMENT YOU SELECT FROM THIS GIGANTIC STOCK IS ACTUALLY AND IMMEDIATELY DELIVERED TO YOUR HOME. AN INSTRUMENT OF LIKE STYLE, MAKE AND CHARACTER IS NOT DELIVERED FROM OUR WAREHOUSE.

Applying Modern Great Merchandising Methods

And Purely Commercial Principles to Music Sections

You will find no gorgeous salon effects about them. No costly and superfluous decorations. No wasted and expensive space to be maintained. No extravagant parlors, halls and elaborate showrooms, the expense of which must be ultimately met by those who buy.

But in contrast to these you will find a large and well equipped division of our store devoted to the promotion of these two great interests.

You will find an orderly, convenient and businesslike department and an activity that instantly stamps itself

upon your mind, that here is the reasonable and logical place to buy a musical instrument.

There are one hundred and twenty-one salespersons employed in the conduct of these two music sections.

And, as mentioned above, you will find a stock such as you may well believe does not exist.

## Nearly 1,000 Pianos and Players Are Here

And if you knew how difficult they were to secure—how we combed the markets of America and exerted all our ingenuity to secure them—when a universal shortage exists—you would learn to "count on Gimbels always."
